LUCIANO COMIGNAGHI

FULL STACK DEVELOPER

Passionate about technology, I transitioned from law to Full Stack Engineering, dedicating the past year to intensive skill development. With a strong foundation in full-stack technologies, I bring invaluable soft skills cultivated in law, including conflict resolution, work under pressure, with deadlines and client interaction. Thriving under pressure and committed to excellence, I am eager to contribute to your team's success by leveraging my experience in web development, collaborating on projects, excellent softskills and providing exceptional technical solutions.

Soft Skills: Team Player, Deliver result, Effective Communication, Leadership and Mentorship, Adaptability and Flexibility, Problem Solving and Decision-Making, Time Management and Prioritization, Work under pressure.

EXPERIENCE

Desarrollador Full Stack Web Freelance - Ago 2023 / Marzo 2024

- I worked independently as a Full Stack Developer. I used a technology stack centered around ReactJS for the frontend, combined with HTML and CSS for structure and design. On the server side, I relied on Node.js for application logic and MongoDB as a NoSQL database to manage data persistence.

- My responsibilities included developing front-end and back-end functionalities, creating RESTful APIs, implementing business logic, and integrating databases. I worked closely with clients to understand their requirements and provide customized solutions that met their expectations.

- During this period, I gained solid experience in developing full web applications, from conception to implementation. Additionally, I improved my problem-solving skills, adaptability, and ability to work autonomously.

Law Firm "Marques & Escobar" - Lawer Sr. - 2021/2022

Time Management – Negotiation and Conflict Resolution – Attention to Detail – Client Relationship Management – Mentorship and Coaching – Work Under Pressure

Eves Viajes y Turismo S.A - Lawer Sr. - 2017/2020

Time Management – Negotiation and Conflict Resolution – Ethical and Professional Conduct

Law Firm "Posca" - Lawer. - 2015/2016

Negotiation and Conflict Resolution – Customer Service – Work Under Pressure – Client Relationship Management – Mentorship and Coaching – Work Under Pressure

Research Skills – Communication Skills – Critical Thinking – Time Management – Work Under Pressure – Adaptability and Continuous Learning

Law Firm "Patricia Vítolo Abogados - Paralegal - 2013

Ethical and Professional Conduct – Research Skills – Work Under Pressure

Law Firm "Biscardi & Asoc" - Paralegal - 2012

Analytical Thinking – Communication Skills – Critical Thinking – Time Management – Work Under Pressure

COURSEWORK

Introduction to User Experience (UX) Course

EDUCACION IT, Apr, 2024 – May, 2024
Developed a foundational understanding of UX methodologies and best practices. Explored tools and techniques for creating user, wireframes, and prototypes. Applied UX concepts through practical projects and case studies. Enhanced skills in problem-solving, critical thinking, and empathy-driven design.

React.js Developer Course

EDUCACION IT, Apr, 2024 – May, 2024
Developed proficiency in creating reusable components, managing state, and handling events in React.js applications. Learned advanced concepts such as React Router, Redux for state management, and Hooks for functional components. Practiced building responsive and interactive user interfaces using React.js libraries and frameworks.

Scrum Fundamentals Course

EDUCACION IT, Apr, 2024 – May, 2024
 Developed a strong understanding of Scrum artifacts including Product Backlog, Sprint Backlog, and Increment. Learned techniques for effective backlog management, sprint planning, and sprint execution. Participated in simulated Scrum projects to gain hands-on experience in applying Scrum methodologies.

Foundations of Programming Course

National Technological University. • 2023•
Understanding of Basic Concepts, Control Structures, Basic Software Development Practices, Algorithmic Thinking. Solving Real-world Problems, Contributing to Open Source Project, Building Personal Projects, Participating in Coding Challenges, Continuous Learning
